**CLUB RESOLUTION
PASSED 57 TO 10
BY FIRST BAPTIST**

Members Must Now Force Institutions to Obey the Prohibition Law or Sever Their Connection

MEMBERS URGED TO ACT
BY DR. CHARLES DANIEL

Two Church Officers Oppose the Clause Calling for Resignation in Event of

Failure to Reform Clubs.

It shall henceforth be the duty of members of the First Baptist church who belong to locker clubs to either bring about the abolition of whisky traffic there or sever their connection with such organizations.

This law was laid down last night at the regular weekly prayer services when resolutions were adopted to this effect. The vote stood 57 to 10. Six

Among those who voted in opposition to the move were Eugene R. Black and A. J. Orme, both of whom are officers in the First Baptist. Both spoke in opposition to the adoption of such resolutions.

Resolutions Passed.

The resolutions read:

"1. That it is incompatible with the principles and purposes of this church for its members to be identified with organizations which derive revenue for their maintenance from the sale of alcoholic beverages."

2. That recognizing the place and value of social and commercial clubs in the life of the city, this church urges upon those of its members who are connected with such clubs the duty and responsibility of

2. That in event of the failure of such efforts to bring about these needed reforms

A strong fight was waged against the final clause of the resolution. It

was led by Mr. Black and Mr. Orme. Both declared that the two preceding paragraphs were sufficient.

A strong speech in defense of the resolutions in their entirety was made by the pastor of the First Baptist, Dr. C. W. Daniel. He declared that even those churches outside of Atlanta

The complacent attitude of the

churches of Atlanta toward the locker clubs seriously retards whatever efforts the churches outside of the city are making to check the growth of the subculture. — *Dr. H. H. H.*

"Twenty of the twenty-one clubs in Atlanta," he continued, "could not exist for twenty-four hours without the revenue derived from alcoholic beverages."

The very prominence of the connection of our members with any such organization lends influence to the violation of law.

"I shall vigorously protest the defeat of these resolutions. It is utterly incompatible for a church member to be associated with an unlawful organization.

The resolutions merely advise our members who are connected with locker clubs to assist in restoring the law. If the Capital City club and the Pied-

"These resolutions put before you the inevitable issue of adjusting your

relations so your conscience will be clear. I have striven time and again to show brethren of this church the inconsistency of the looker club situa-

tion, but they have not heeded. These resolutions, therefore, take the responsibility from the pastor and the church and put it on the shoulders of the individuals.

Object to Third Clause.
A motion was made to amend the resolution by striking out paragraph three. It was seconded and put to a

stood ten, with six women casting ballots. The opposing vote, however, stood fifty-seven, with twenty women

For the adoption of the resolutions as a whole, the vote was 57 to 10, after which the entire congregation arose to its feet in a rousing hymn.

In opposing the resolutions, Mr. Black was the first to speak. He said in part:

"At the risk of being misunderstood,

I am going to speak in opposition. I have been a member of this church for forty years. Some time ago I was elected to an office. I didn't think I

"I have always advocated forward movements of the church. In fact, I don't see how the church could afford

to defeat these resolutions, as a whole, simply for reason of the fact that their purport is against liquor. There are some portions, though, which I cannot

Mr. Orme, in stating his reason for opposition, said:

I think the resolutions are a mistake. They should never have got beyond the first meeting of the board of leacons. At first they raised resentment within me, but I succeeded in making it down.

"There is something behind these resolutions which the people advocating them do not realize. None of its supporters are members of locker clubs. The mistake of the church is

for the institution, and what is the best way of obtaining public interest in the matter.

Publicity Committee.
This committee is composed of the following: Dr. W. R. Eskin, chairman; Robert L. F. Woodard, Dr. D. Woodard, A. H. Colcord and Dr. R. J. Jones.

The conference also took notice of the movement started recently to secure the co-operation of the Fulton county commissioners in the matter of property providing for Grady hospital, and the following committee was named to co-operate with the council committee: John R. Murphy and Dr. Wood McFay.

The ways and means committee will be called upon to decide another important point. At the conference on Wednesday afternoon, the question was raised as to whether it would be better to ask a bond issue for the greater hospital alone, or to provide for the plan plan at the same time.

It was pointed out that to carry a bond issue it would be necessary to get out a big number of voters, and there were some who thought by injecting the plan issue, more voters would come out to cast their ballots. The ways and means committee will decide this point and report back to the general committee.

FINED FOR SLANDER FOR CALLING WOMAN A "SUFFRAGETTE"

Columbus, March 18.—For calling a woman school principal a "suffragette," the wife of a physician in a suburban village was today convicted and fined on a charge of slander. The offense was committed in the course of a quarrel over the punishment of the school principal of the physician's daughter.

The complaint, in supporting the charge before the court, argued: "The suffragette has shown herself to be a scoundrelous, uneducated person, and she has been guilty of slander against me. I am a physician and a woman of high standing in the community. I would entrust my children to no one but a woman of high standing and education. The defendant refused to apologize and declared that the teacher had 'acted like a suffragette.' She was thereupon ordered to pay a fine."
